

**ANASAZI HOMEOWNERS ASSOCIATION  
ARCHITECTURAL CONTROL COMMITTEE  
DEVELOPMENT PLAN APPLICATION**

The following pages include the information required to apply for approval of a Development Plan in the Anasazi Trails and Meadows subdivisions.

The requirements for Development Plans reside in the HOA's CCRs and in the ACC Rules. Please review these sections, at a minimum, for design and construction rules and compliance requirements:

- CCRs – Articles 1-7
- ACC Rules – sections 1-6 and section 9

Please complete the form in its entirety, including digital initials on each page and digital signatures. The Application will be accepted when the ACC has received a completed Application package of ALL required documents listed on page 4. The ACC requires submission of 1 full-size paper copy and 1 identical set in PDF format of the Application package.

Whether you are accessing the file from the AHOA website, or if you have received the file in an email, **download the file and open it in Microsoft Word**. If the file opens with a security warning for files from the internet, click on "Enable Editing".

The Application is provided in "fill-in" format, allowing for preparation, sending and storage of the document electronically. **Fill-in fields should be shaded, but if not visible, roll over an area near a colon with your mouse and the fill-in will appear.**

Please contact the ACC if you experience problems with the application.

When you are finished, please **save the file adding your subdivision (AT or AM) and Lot number to the file name** and forward by email to the ACC.

DEVELOPMENT PLAN APPLICATION**

Below are documents required to be submitted for a complete Development Plan application package. Please identify the submission status and date of each submission. The Application is not considered complete, finally submitted, nor accepted, and the Mandatory meeting will not be held, until ALL documents of the package have been received by the ACC both in paper (1 full-size set) and an identical set in PDF digital format. The ACC requires that documents be sent in ONE package vs in pieces. The Mandatory meeting will not be held until after the complete Application package has been received, confirmed and accepted by the ACC.

**Please fill in each row by checking 1 box in each column and adding the submission date per row.**

Application Package Documents and Samples Required	1 Full-Size Paper Copy (or Physical sample)		PDF Copy		Final date on the pages Submitted for Approval (same on BOTH paper & PDF) <a href="#">Use drop down to enter</a>
	Yes	No	Yes	No

**ANASAZI HOMEOWNERS ASSOCIATION  
ARCHITECTURAL CONTROL COMMITTEE  
DEVELOPMENT PLAN APPLICATION**

By signing this Application, receiving approval and executing the Application and Development Plan, both the Lot owner and builder each represent to the ACC and agree that they have read, understand and are subject to and bound by the Application, ACC Rules, and the CCRs, and any amendments and additions.

Among others, requirements in these governing documents include: (ACC Rules sections in parenthesis)

- The insurance, and AHOA as an additional insured, will be kept in effect through the ACC final inspection approval (2.1.4).
- The Application and Development Plan is not finally approved until after the Mandatory meeting occurs *and* the ACC signs the Application approval (2.4).
- No commencement of construction activity whatsoever shall begin without the Mandatory meeting and Plan approval having occurred and zoning approval obtained and filed with the ACC (5.3).
- Prior to pouring footings an ILR must be performed by a licensed surveyor and a copy of that survey must be submitted and agreed by the ACC in writing (5.5).
- All variances from or changes to the Development Plan between Plan approval and Final Inspection approval must be submitted to the ACC and approved in advance prior to being initiated (6.1).
- Final Inspection must be approved by the ACC prior to the sale of the home, especially for a spec home, or compliance deposit is forfeited in full. Final Inspection compliance requirements or mitigations are the responsibility of the applicant(s) who received approval for this Application. (5.8 and 9.3.2.1)
- Failure to inform the ACC of a change in contact information from the application data or to deny receipt of a communication sent to the application address (if no updated address was sent to the ACC) does not absolve the applicant(s) of responsibility for violations, penalties and/or fines (9.3.2).

Further, the Lot owner and builder agree:

- They will timely complete all actions documented in the Application and Development Plan including any revisions, will timely correct any violations and will timely respond to any other notices.
- The ACC has the right in its sole discretion to deal with violations on a case by case basis.
- They will be held jointly and severally responsible and liable for all violations, any penalties and fines imposed.
- Any liens filed will be against the subject lot and will include both applicant(s) and builder names.
- Where damage or injury to persons or property is imminent as a result of a violation, or serious incidents or situations may cause immediate harm, the ACC may immediately impose penalties, without notice or any opportunity to be heard.
- Agree and acknowledge that that the CCRs and ACC Rules are designed to help protect and enhance the quality of our subdivisions and promote the health, safety and wellbeing of our residents and that any recurring or deliberate violations would diminish our community and impose a cost on all members.

**I HAVE READ AND UNDERSTAND THIS APPLICATION, THE REQUIREMENTS OUTLINED IN THE ACC RULES AND CCRs, MY OBLIGATIONS HEREUNDER, AND I AGREE TO COMPLY AND ABIDE THEREBY.**
